 THE EVERMORE
MELBOURNE

EAST TOWER

LIVE IN THE HEART OF MELBOURNE
WITH EVERYTHING AT YOUR DOORSTEP

Presiding over Melbourne's green gateway to the city, Evermore's new East Tower is a rare accommodation of space and high-calibre design. Architecture by Hayball defies convention to deliver larger floorplans that pay attention to the needs of a privileged local lifestyle. Calm, private and sophisticated spaces are a balanced composition of design and purpose with increased open aspects to take advantage of vistas that encompass the city and its landmark destinations. East Tower is informed by its environment; an exceptional balance of historic parkland, cultural destinations, market life and cosmopolitan amenity. The tower delivers 23 levels of versatile one, two and three bedroom residences atop a welcoming, modern lobby that transitions residents from the bustling street to a private world of luxury above.

THE BEST OF MELBOURNE
 CONNECTED TO THE MOST
 LIVEABLE CITY

Live at the junction of the city's prestigious Arts precinct, its Royal Botanic Gardens and much-loved South Melbourne village, parks and gardens are plentiful and laneways are brimming with hidden bars, independent labels and global luxury brands. Shaded by leafy canopies and cooled by the Yarra River, the neighbourhood sits within a small, tightly held address on the city's southern fringe. This is where you are, front and centre to witness the rebirth of old venues and the arrival of an endless line up of world-leading restaurants, live performances and international sporting events. Closer to home, it's the village life of South Melbourne, the colour and flavour of the market, its artisanal makers and fresh produce. Even closer, lose yourself in the city's Arts and cultural heartland and its most famous boulevard, leading to the heart of the CBD. Step out a little further and it's still less than 10 minutes to Melbourne's bayside beaches to balance an enviable lifestyle offering.

LIVE IN THE SKY

Considered architecture opens expansive sightlines to capture the very essence of the location with views of the city, neighbouring Botanic Gardens, Albert Park Lake, and the bay. Elevated and refined with carefully curated details, one, two and three bedroom apartments offer a range of versatile, open plan designs to welcome you home. Every component has been considered to evolve how each resident will live. Superior quality is evident in every finish and fitting and unique open aspects capture the east morning light to envelop each residence in light and warmth. Timeless taste and material choices offer a depth of detail, space and independence, uncommon in today's residential developments.
